

Lear Communication One-on-One Technology Support Courses

Developed by Technology Consultant Tonya Lambert, CDA

Level 2 Package: Review of built in applications, support features and settings

Cost: \$275.00

Features and Learning Included:

- Reinforcement of Level 1 skills
- Review of accessibility and settings for best use of device (e.g., speak select, guided access, screen shots, text size, contrast, privacy settings, when to accept notification options, etc.)
- Using built-in voice activation support (Siri) functionally and effectively (including voice-to-text features)
- Using built-in applications such as Mail, Calendar, Reminders, Note Pad, Find My iPad/iPhone, Photo Albums
- Use of app store (e.g., downloading an app, updating apps, how to find apps that are accidentally deleted, how to search apps)
- Using alarms and alerts (through reminders or calendar apps, GPS supported apps)
- Functionally using these supports to help facilitate success in intensive rehabilitation programming (team involvement to support carryover)
- Social Communication applications (iMessage, Facetime/Skype)

Level 2 is presented over **3 sessions which must be scheduled within 20 days of each other** in order to maximize learning (you will be asked to practice in between sessions 😊). Each session is 45-60 minutes in length.

Sessions are conducted by our Communicative Disorders Assistants who are friendly, fun, tech-savvy - and also highly trained in cognitive and communication difficulties.

Sessions are provided 1:1 with the client and/or their caregiver.

Additional 45-60 minute sessions to consolidate Level 2 knowledge may be purchased for \$90.00 each.
